WHITTIER, Calif., November 15, 2005 – Credit Union of Southern California (CU SoCal) awarded \$42,000 in grants for the 2005 Student-Impact Grant (SIG) program. There were 142 teachers in 25 school districts that received grants up to \$300 this year for use at the student level.

“It’s rewarding to know that we’re making a difference in the lives of teachers and students by helping programs that aren’t funded through the school system, ranging from theatrical field trips to in-class science experiments, become a reality,” said Dave Gunderson, CU SoCal President/CEO.

The SIG program allows the teachers in the 26 eligible school districts to submit applications for grant money to use in their classes. The short application requires a description of how the funds will be used, how it will impact the students, and why the request is unique. Grants are awarded based on these criteria by a panel of former SIG recipients and CU SoCal board volunteers.

CU SoCal is proud to be a partner in education...priding itself in world-class service, competitive products, and convenience to Members and local community. SIGs are open to certificated employees, K-12, in public or private schools in the 26 school districts served by CU SoCal. Visit www.cusocal.org or call toll free (866) CU SoCal, (866) 287-6225 for further information. Membership is open to those who live, work, or worship in the North Orange County, the San Gabriel Valley, and all of the cities in between.
