CU SOCAL GIFTS \$17,500 TO MORE THAN 100 LOCAL NOT-FOR-PROFIT ORGANIZATIONS

Credit Union Employees Celebrate a Financial Milestone with Charitable Donations.

Whittier, CA—In recognition of reaching \$1 billion in assets, [Credit Union of Southern California \(CU SoCal\)](#) employees gifted \$17,500 to more than 100 non-profit organizations throughout Los Angeles, Orange, and San Bernardino counties in March.

The donations were part of the credit union's weeklong celebration with team members. Each employee was able to select any non-for-profit organization within the credit union's field of membership to make a generous donation of \$100. They were also given the option to personally deliver the donations during their work hours.

"We wanted to use this milestone as an opportunity for our team members to make an impact in the more than 150 communities we proudly serve," stated Michelle Hunter, CU SoCal Senior Vice President of Marketing and Development. "Reaching \$1 billion in assets was a great reason to share our financial success with other local not-for-profit organizations that share our passion for helping others."

"CU SoCal believes in building better lives and creating brighter futures," stated Dave Gunderson, CU SoCal President and CEO. "We also recognize that our successes depend on the contributions of many, including the support of our communities. We hope that our financial contributions helped to increase opportunities to make a positive difference for those in need today as well as in the future."

About Credit Union of Southern California (CU SoCal)
